Dictionnaire des nations et des nationalismes dans l’Europe contemporaine

Certains intellectuels ont annoncé que la seconde moitié du XXe siècle inaugurerait l’ère “post-nationale”.

Les conflits nationaux et ethniques des années 1990 ont invalidé cette vision. Si le XXe siècle marque l’émergence et la consolidation des nations en Europe centrale, le XXIe siècle est bien celui de la diffusion du modèle national à toute l’Europe comme celui de l’excès carboniste des nationalismes. L’apport théorique du Dictionnaire des nations et des nationalismes de ce dictionnaire invite à comprendre comment les nations européennes ont été “inventées” et conduit à réfléchir à leurs effets des nationalismes. Les 28 notices explicatives des nationalismes abordent notamment des spécificités historiques et culturelles des nations.-

L’UNESCO, avec l’Orchestrer et les étudiants,

pour comprendre les causes du déclin de l’Europe et de la renaissance des nationalismes.

This book addresses the numerous national movements of ethnic groups around the world seeking independence, more self-rule, or self-government.
